PROFILE

Entry-level Data and AI professional with hands-on experience in data extraction, transformation and analysis, LLM-based data workflows, and automation using Python, Flask and SQL. Seeking opportunities in data engineering and analytical development.

EDUCATION

CGPA: 7.1, Bachelor of Technology - Artificial Intelligence & Data Science, KCG College of Technology 2021 – 2025 | Chennai

Percentage: 77, HSC, Government Higher Secondary School, Manali 2019 – 2021 | Chennai

Percentage: 70, SSLC, Government Higher Secondary School, Manali 2018 – 2019 | Chennai

PROFESSIONAL EXPERIENCE

Mercury Minds, Data Analyst Trainee 08/2025 – 01/2026 | Chennai
Developed an OCR system converting 500+ business cards into structured JSON via a Flask API with fallback logic, saving 15+ hours weekly and ensuring privacy. Researched workflow automation with n8n for data crawling, using Firecrawl and Crawl4AI for context-aware extraction and integration.

SKILLS

Programming & Backend Development
Java, Python (Flask, OOP, REST APIs), SQL, Git

Data Science & ML
Excel, Pandas, NumPy, Scikit-learn, OpenCV, TensorFlow

Automation & Extraction
BeautifulSoup, Selenium, n8n, JSON Structuring

Visualization
Power BI, Matplotlib, Seaborn, Plotly, Streamlit

PROJECTS

Intelligent Web Crawling & Search 11/2025
• Built an AI-driven web crawling system with semantic search and RAG workflows.
• Implemented data governance checks to ensure compliance when embedding and storing web content in vector databases.

AI-Powered Mental Health Support Chatbot 03/2025
• Designed a safety-aware chatbot with privacy-first conversational handling, mood tracking, and rule-based escalation prompts.
• Evaluated 70+ conversations with emphasis on ethical AI and user data protection.

CERTIFICATES

AWS – Data Engineering Workshop, GUVI (Google for Education Partner) 

Data Science Math Skills, Duke University (Coursera) 

ORGANIZATIONS

National Cadet Corps 2022 – 2025 | Chennai
• Completed 3-year NCC training with Army Attachment Camp, gaining discipline, leadership, and team coordination.
• Led and participated in 50 social welfare initiatives, contributing to community service and development.
